The cat needs proper nutrition, human contact and regular medical care. Every cat needs a litter box, a favourite toy or a scratching post and a place to rest. When we decide to have

our own cat, we must take into account its proper hygiene: claw pruning, ear hygiene and bathing. The cat should not be stroked if he does not want to, let's not do it. One of the most important things

is feeding your pet. It is best to always have prepared dry food in a bowl so that the cat could eat something when it gets hungry. Remember do not give your cat sweets, raw fish, eggs, dog food and milk.

Be careful with plants at your home because some of them may be poisonous. Cats are really friendly pets as long as you give them proper care.

## HALLOWEEN TRADITIONS IN ENGLAND

Halloween is a popular holiday celebrated on 31st October every year. People wear scary costumes. In the streets you can see monsters, witches, black cats, skeletons and vampires. Houses are decorated with special pumpkins called jack-o' lanterns and artificial spiders, spiderwebs, ghosts and bats. Children go from house to house and play "treat or trick" which means that if people do not give them sweets, they will play a trick on them.

### Sonnet 73 ('That time of year thou mayst in me behold')

That time of year thou mayst in me behold  
 When yellow leaves, or none, or few, do hang  
 Upon those boughs which shake against the cold,  
 Bare ruin'd choirs where late the sweet birds sang.  
 In me thou seest the twilight of such day  
 As after sunset fadeth in the west,  
 Which by and by black night doth take away,  
 Death's second self, that seals up all in rest.  
 In me thou seest the glowing of such fire  
 That on the ashes of his youth doth lie,  
 As the death-bed whereon it must expire,  
 Consum'd by that which it was nourished by.  
 This thou perceiv'st which makes thy love more strong,  
 To love that well which thou must leave are long.
